SHORTHORN

CONDITIONS OF SALE

1. The Cattle will be exposed separately according to the numbers in the following Catalogue. The Auctioneers reserve the right to refuse any bid without assigning any reason. The highest offerer of each lot will be preferred to the purchase (subject to Article 3)—each offer exceeding the former by at least one guinea. All entries must be clearly tattooed in the ear with their correct tattoo letters and numbers in accordance with the Regulations of The Shorthorn Society, and any animal found not being so tattooed will be reported to the Directors of The Beef Shorthorn Cattle Society, and such animal may be rejected from the Show and Sale. Twins must be so described, also whether twin with a male or female. A twin female with a male will not be accepted, unless guaranteed in calf, or having had a calf.

2. The pedigree of each animal is guaranteed to be correct and registered or accepted for registration in Coates's Herd Book (Beef) or the Poll Shorthorn Herd Book by the person whose name appears as the Exposer, but every animal is sold subject to all visible faults, except where a bull is sold with only one testicle down the owner must make intimation to this effect in the Catalogue. Buyers must satisfy themselves as to the correctness of all bull calves, under 10 months old, before taking delivery. No liability whatever is undertaken by the Auctioneers for the statements appearing in the Catalogue or made at the Sale. The Exposer who supplies such statements is alone responsible for any error or mis-statement. Animals affected with any disease of an infectious nature or animals out of an infected Herd are strictly prohibited from being brought to the premises occupied or used by the Auctioneers at the time and should any such be brought, the Owner or Consigner will be held responsible for all damage or loss occasioned thereby.

3. The Exposers reserve the right to fix a reserve price, and to announce same before the bidding begins or during the time of the bidding or at the conclusion thereof. The right to bid by or on behalf of the Seller in terms of the Sale of Goods Act, 1893, is expressly reserved. Every animal must be the *bona fide* property of the Exposer at the time of Sale.

Notwithstanding the above, no opening bid of less than 100 guineas may be accepted for any bull. Any bull failing to receive this bid will be passed out unsold.

(Note.—The condition regarding the opening bid of 100 guineas for bulls is meantime only applicable to the February Show and Sale at Perth.)

4. Immediately after each purchase is declared, the risk of the animal shall be exclusively with the Buyer, and it is declared that until a settlement shall be made in terms of these Conditions the delivery of the animal shall be suspended. The right of property shall not pass until the price is paid.

5. Immediately after the Sale all lots must be paid for in cash to the Auctioneers. The price being paid, each lot shall be taken away at the Buyer's expense within one day after the Sale thereof. Lots shall only be removeable from the Auctioneers' possession on a written order from their clerk, and any lot removed in contravention of this condition may be recovered *brevi manu* by the Auctioneers.

6. Should any buyer fail to pay for and remove his purchase in compliance with the above Conditions, the Auctioneers in their option may either (a) sue the Buyer for the price and interest thereon at the rate of *Six per Centum per Annum* and for the keep of, and any other expense incurred by them in connection with, such purchase, or (b) re-sell the Lot either publicly or privately and recover from the defaulting buyer the deficiency (if any) attending such re-sale and interest thereon as aforesaid together with the keep and all other expenses. In either case, the Auctioneers shall have the right to sue at their own instance without the consent of the Owner or Consigner, and no defence whatever in such action shall be competent to the Buyer who shall have recourse against the Owner or Consigner alone.

7. If any animal be sold with the option to "Test" or "Re-Test," such condition shall not operate to suspend the sale or the passing of the risk but shall have effect only as follows:—

- (a) The condition shall be provable only by entry in the Auctioneers' Roup Roll.
- (b) If the option to re-test is given, the Purchaser may require the following Tests—
 - (i) Single Intradermal Comparative Test for Tuberculosis;
 - (ii) Agglutination Test for Contagious Abortion; and
 - (iii) Complement Fixation Test for Johne's Disease.

These Tests to be carried out by a laboratory approved by the Ministry of Agriculture, Fisheries, and Food.

Notice in writing of the intention of the Purchaser to carry out such Tests must be given to the Auctioneers before, or immediately after, termination of the Sale.

Should any Vendor wish to offer additional Tests, or should any Buyer who may require additional Tests make arrangements with the Vendor prior to the Sale, details must be given to the Auctioneers and shall be provable only if included in the Auctioneers' Roup Roll.

- (c) The Tests shall be made by a Veterinary Surgeon to be mutually chosen between the Buyer and Seller or, failing their agreement, to be appointed by the Auctioneers.
- (d) The Tests shall only be made when the animal is (in the opinion of the chosen or appointed Veterinary Surgeon) in a fit state for testing and in the case of a Test for Tuberculosis on an animal in

an Attested Herd, after permission has been obtained from the Ministry of Agriculture, Fisheries, and Food (unless altered by mutual agreement).

- (e) The declaration of the chosen or appointed Veterinary Surgeon that the animal has been duly tested and the result of his test shall be final and binding on both Seller and Buyer.
- (f) If the animal be so declared not to have passed the Tests, the Buyer shall have the right to require the Seller to re-purchase the animal at the price of the original sale. Such requisition shall be notified in writing to the original Seller, and from the date of receipt of such notice the risk and expense of the animal shall be transferred to him.
- (g) In any case where the option to Test is exercised, the Auctioneers shall be entitled to retain the price until the result of the Test is declared.
- (h) The expense of any such Test or Tests shall be borne by the Purchaser.

8. Should an Exposer wish to warrant a bull as being a good server and stock-getter or such other qualified warranty as the Exposer may wish to give, such warranty shall be included and shall form part of the description of the bull as shown in the printed Catalogue. Should a warranty of good service and stock-getter be given, and should it be established subsequent to the Sale that the bull is incapable of service, or while capable of service is incapable of getting stock, a Purchaser shall be entitled, within (a) three calendar months from the date of the Sale, or (b) within three calendar months of the animal reaching twelve months of age, whichever is the later date, to intimate such incapacity to the Vendor, and if such incapacity shall be proved by a Certificate of a Veterinary Surgeon mutually chosen, the Vendor shall be bound to accept delivery of the bull and refund the Purchaser the full purchase price of the bull. To establish a Claim under this condition, the Purchaser must give notice of his claim within the limits as prescribed above. Should the Purchaser and Vendor not agree upon the appointment of a Veterinary Surgeon to examine the bull, the Auctioneers shall appoint a Veterinary Surgeon for this purpose and shall decide by which party the Veterinary Surgeon's fees and expenses shall be paid. In his Certificate the Veterinary Surgeon must state that he has examined the bull, that its impotence or incapacity is not due to injury suffered or illness contracted since the purchase, and that he has also examined the cows or heifers upon which the bull has been tried and found them in a normal breeding state or condition, and he shall give his reasons for declaring the bull ineffective and incapable of getting stock. Notwithstanding the right of the Purchaser to return the bull to the Vendor on the ground of impotency or incapacity, the Vendor shall in no case be liable under this condition for a sum exceeding the amount for which the bull was sold (plus any expenses which may be awarded by the Auctioneers against the Vendor in terms of this paragraph)

less its saleable value at the date of the Veterinary Surgeon's Certificate. In respect of bulls purchased for export, no claim under this Article shall be valid unless made prior to the shipment of the bull from Great Britain or Ireland.

It shall be understood that this guarantee is extended by sixty days where a bull from a Non-Accredited Herd is sold to go to Accredited Premises.

9. Brucellosis (Accredited Herds) Scheme

All animals exposed for sale, except those in the Brucellosis Accredited Section, irrespective of age and vaccinal status must have passed a blood test (S.A.T.) for Brucellosis at an approved Laboratory, at less than 30 I.U. (+ + + + 1/10) of antibody within 14 days of the first day of the Sale. (A certificate to this effect must be made available to the Market Authority at the time of the entry to the Sale.)

Movement of cattle to the Accredited Section will be by permit (BES 13) obtained from the appropriate Divisional Veterinary Officer.

10. All cows and heifers that are stated in the Catalogue as having been served or artificially inseminated not less than twelve weeks before the date of Sale, or stated as having been running with a bull between dates (the later of which is not less than twelve weeks before date of Sale), will be guaranteed to be in-calf to the service date or between dates and to the bull stated in the Catalogue, unless any alteration is announced at the time of Sale. Heifers which have not had a calf and which are sold unserved shall be so guaranteed. All claims which may be competent under this condition must be intimated to the Auctioneers within sixteen weeks of the Sale, but in respect of females purchased for export a claim must be made prior to the shipment of the animals from Great Britain or Ireland or within the said period of sixteen weeks whichever is the earlier date. To establish any claim under this Condition the Purchaser and Vendor shall mutually agree upon a Veterinary Surgeon to examine the animal, and failing agreement a Veterinary Surgeon shall be appointed by the Auctioneers. In his Certificate, the Veterinary Surgeon must state that the condition of the animal was not due to any injury or disease contracted since the Sale. Should a claim be made and established as a result of the Veterinary Surgeon's Certificate the Vendor shall be bound to accept delivery of the cow or heifer (as the case may be) and refund to the Purchaser the full purchase price of the animal which shall be at the Vendor's risk and expense as from the date of the notification to the Vendor of the Veterinary Surgeon's decision. Failing agreement between the Vendor and the Purchaser the Auctioneers shall decide by which party the Veterinary Surgeon's fees and expenses shall be paid.

11. No undertaking of the Auctioneers or their servants to take charge of any animal after the Sale or to forward it to its destination shall be held to impose upon the Auctioneers any legal obligation or vitiate any of the foregoing conditions.

12. If any dispute—other than (a) a dispute or question relating to the conduct of the Sale and (b) a dispute for the settlement of which provision has been made in terms of these Conditions—shall arise regarding any Beef Shorthorn animal registered in Coates's Herd Book (Beef) and sold at this Sale, such dispute shall be referred to the Council of The Shorthorn Society of Great Britain and Ireland as sole Arbiters for settlement, and the decision of the Council shall be final and binding on all parties to the dispute.

13. Private Sale. Each animal entered in the Catalogue and in the sale-yard, must be offered for sale by Auction before any private sale shall be allowed or recognised by the Auctioneers. The usual commission must be paid on all animals afterwards sold privately within the premises of the Auctioneers.

14. Without prejudice to the foregoing Conditions of Sale it is hereby expressly declared that the Exposer by Selling and the Purchaser by purchasing any animal in terms of the Conditions of Sale shall be bound by the above Conditions of Sale and shall be bound, where a dispute is referred to a Veterinary Surgeon, to accept the verdict or decision of the Veterinary Surgeon as final and binding on both Exposer and Purchaser. Neither party shall have any recourse to law in respect of said dispute otherwise than on the ground of fraud.

15. Commission and Levy.

- (a) The Auctioneers shall charge and deduct commission of five pence per guinea, also a Levy of three pence per guinea (which shall be paid by them to the Society), from the price of all animals sold, including those which may be sold privately in their premises.
- (b) The Auctioneers shall be entitled to make a charge of £1 per animal against the owner on all animals entered but not put forward for sale.
- (c) The Auctioneers shall be entitled to charge against the owner one per cent. on the price bid or £1 per animal whichever is the greater, on all animals put through the sale ring and withdrawn.
- (d) The Auctioneers shall not be entitled to charge commission or levy on animals which for any reason are returned to the Vendor and the sale cancelled, but shall be entitled to make ordinary charges against the owner in respect of cataloguing, keep, etc.

16. The Auctioneer is appointed Judge of the Sale, to whom are hereby submitted all disputes and differences of any kind which may arise at and in relation to the Auction, either between Exposers and Offerers or among Offerers themselves. His decision shall be final and binding on all parties.

DAIRY SHORTHORN

REGULATIONS GOVERNING ENTRIES FOR THE SHORTHORN SOCIETY'S SHOWS AND SALES

It may be necessary for the Show and Sale to be cancelled at any time, and the Society retains power for the purpose. The Society also reserves the right to limit the number of entries from any exhibitor should such limitation be necessary.

1. Entries will only be accepted from Members of the Shorthorn Society who have paid the subscription for the year in which the Show and Sale is held.

2. Every animal must be bona-fide the property of the Member at the time of entry and sale.

3. Every animal entered for the Show and Sale must be registered in Coates's Herd Book, the Grading Register, the Northern Dairy Shorthorn Herd Book, the Shorthorn Society's Experimental Register, or the entry must have been lodged with the Secretary of the Shorthorn Society, and provisionally accepted as eligible. The Vendor shall guarantee that all Dairy Shorthorn Bulls quoted as service sires shall have been registered or shall be eligible for registration in the Herd Books. Females in calf to bulls of a beef breed shall be eligible.

4. All exhibitors shall furnish for publication in the catalogue, the completed milk and butterfat records, and the calving dates prior to and following each lactation in respect of:

(a) All females being sold and which have calved.

(b) The dam of all bulls and the dams of all females which have not completed a lactation.

(Exhibitors are advised also to publish complete milk and butterfat records and calving dates in respect of dams' dams and sire's dams, if available).

In respect of all bull progeny records quoted in the Sale catalogue, it must be stated whether the records have been furnished by an official recording organisation or have been computed by the Vendor. Where available official progeny records must be used.

Any figures appearing in the catalogue indicating milk or butterfat yield must be "official" (i.e. officially and regularly checked under a National Scheme). Butterfat percentages must be lactation averages calculated in accordance with the Shorthorn Society's regulations.

Where the milk records were the result of more than twice daily milking for a period exceeding 30 days of one lactation, this fact must be declared and stated in the sale catalogue.

5. In regard to all cows and heifers which are sold as having been served by artificial insemination the catalogue shall contain particulars of such service, and the Vendor shall procure and hand over to the Purchaser with the animal sold a certificate proving such service.

Note.—Under the Society's rules no certificate is required where a breeder uses his own bull for the artificial insemination of his own females and the above rule does not therefore apply to the sale of animals which have been inseminated within a herd.

6. All animals will be inspected in the Sale Yard and the Panel of Inspectors is empowered to instruct any exhibitor to withdraw from the Show and/or Sale any animal which it considers not to be of the required standard.

7. The Stewards are empowered to order the removal of any notices displayed by Vendors should they consider such notices undesirable.

8. Entries are restricted to animals from attested herds.

BRUCELLOSIS (ACCREDITED HERDS) SCHEME

9. Entries will only be accepted from Accredited Herds within the Ministry's Scheme. Vendors are reminded that they must apply to their local office of the Ministry of Agriculture (Animal Health Division) for a Movement Permit (B.E.S. 13) which must accompany their animals to the sale.

10. All animals will be liable to examination and rejection by the Society's Veterinary Surgeon, and no animal will be eligible for competition or sale that is certified by him to be suffering from any contagious disease, or any bull that has only one testicle down.

11. The Vendor shall have the right to fix a reserve price to be handed to the Auctioneer in writing not less than 30 minutes before the auction commences. The Vendor shall not bid directly or indirectly by himself or through an Agent other than the Auctioneers for any animal.

If at any time within three months after the date of the sale any animal offered and bid for at the sale (but in the case of an animal offered subject to a reserve price only if the same is sold) shall be upon the Vendor's premises or exhibited at any show or sale in his name, such fact shall be deemed conclusive evidence that the Vendor has committed a breach of these rules, except that such Vendor shall be entitled to show to the Council of the Society that he had good and sufficient reason for his conduct.

12. Commissions of 5p from the guineas will be charged by the Auctioneers on all sales. Half commission on the reserve price will be charged in respect of animals which do not reach the reserve price, and all prize money awarded in respect of such animals shall be forfeited. Any animals in the Cattle Market not sold by auction, but which are sold by private treaty after the auction, are subject to the full commission of the prices realised.

The following graduated levy will be deducted from the sale proceeds by the Auctioneers and paid to the Society.

| | |
|-------------------|-----|
| Under 200 guineas | nil |
| 201 - 250 | 1% |
| 251 - 300 | 2% |
| 301 - 400 | 3% |
| 401 - 500 | 4% |
| over 500 | 5% |

e.g. At 25 guineas the levy would be £2.62.

13. The owners will in all cases be responsible for the care of their stock and for any damage done by their animals. Neither the Society nor the Auctioneers will be responsible for loss arising from accident or any other cause.

14. All cattle must arrive at the Cattle Market before 8 a.m. on the day of the Show and Sale.

15. Every exhibitor must have at least one person in charge of stock exhibited by him, which will be in such person's sole care, subject to the orders and regulations of the Stewards. One serviceable halter must be provided by the exhibitor and left with each animal after the sale. Every bull 10 months old and over must be rung.

16. Exhibitors or their representatives must be in attendance to show their stock at the times fixed for judging. Every animal entered for the Show must be paraded for judging unless exempted by the Stewards.

17. No animal shall have its teats sealed, nor shall the udder be in any way "faked."

Exhibitors are strongly recommended to ease their cows after being judged in order to prevent overstocking before the sale. The Stewards will be empowered to order the easing of any cow if overstocking is reported.

The Council recommend that all animals in-milk shall be milked and stripped as soon as practicable after sale and milkers will be available in the market to milk out animals if authorized by the purchasers.

18. Every heifer in-milk or cow in-calf or in-milk shall carry a guarantee that she is sound in udder and teats at the time of the sale, but no claim under such guarantee shall be entertained unless made to the Stewards before the animal leaves the Cattle Market and within one hour of the close of the sale.

19. In the event of any calved cow or heifer not having satisfactorily cleansed prior to being offered for sale the fact must be notified to and announced by the Auctioneers at the time the animal is offered for sale. If not thus announced and it is found afterwards that an animal had not been satisfactorily cleansed at the time it was offered for sale the purchaser may make a claim against the Vendor. Any claim to be effective must be accompanied by a Veterinary Surgeon's certificate and must be received by the Auctioneers within 2 hours of the close of the sale, who must forthwith inform the Vendor of the receipt thereof.

The Vendor shall have the right to examine the animal in question either by himself or by his Veterinary Surgeon.

If a claim is substantiated the sale of the animal at the option of the purchaser may be cancelled and the Vendor shall be responsible for all Veterinary Surgeon's expenses incurred by the purchaser and transport charges on the return of the animal.

20. No cow or heifer that has aborted within 12 months previous to the sale can be accepted for entry.

21. All cows and heifers which are stated in the catalogue as having been served or artificially inseminated not less than 10 weeks before the date of the sale or stated as having been running with a bull between certain dates (the latter of which is not less than ten weeks before the date of the sale) shall be guaranteed in-calf to the service date, the date of artificial insemination, or between dates, as the case may be, and to the bull stated in the catalogue, unless an alteration to the service particulars is announced by the Auctioneers at the time of sale. If any such animal shall not comply with this guarantee the purchaser may make a claim against the Vendor, but any claim to be effective must be made to the Auctioneers within ten weeks after the date of the sale in the case of animals which, although in-calf, do not calve to the stated service or date of artificial insemination. The Vendor shall at his own expense, either by himself or his Veterinary Surgeon, be entitled to examine the animal in question.

22. (a) All bulls twelve months old or older on the day of Sale, which realise 60 guineas or over, shall be sold as capable of getting stock. If within three months of the date of the sale, notice of a bull's incapacity for getting stock shall be given by the purchaser to the Auctioneers then the Vendor and purchaser shall (failing a settlement of the matter between themselves) mutually agree upon a Veterinary Surgeon to examine the bull and if they cannot agree upon one a Veterinary Surgeon shall be appointed by the Council of the Society. In his certificate the Veterinary Surgeon must state that he has examined the bull and if he comes to the conclusion that the bull is incapable of getting stock, that its incapacity is not due to injury

suffered or illness contracted since purchase and that he has also examined the purchaser's cows and heifers and, if such is the fact, that he has found them in normal breeding state or not responsible for the bull's incapacity and he shall give his reasons for declaring the bull ineffective. The party against whom the Veterinary Surgeon's decision shall be responsible for the Veterinary Surgeon's fees and expenses.

(b) The purchaser shall throughout the Guarantee Period give the bull full and sufficient opportunity to prove that he is a good server and stock-getter, or to demonstrate his ability to get stock whichever the case may be.

(c) In the case of bulls aged under 20 calendar months at the date of sale, if the Vendor so requires, the Purchaser shall allow and facilitate the removal of the bull from his premises to give the Vendor the opportunity of demonstrating the bull's ability to get stock within the Guarantee Period, and any such demonstration shall be substantiated by a certificate of a Veterinary Surgeon to the effect that an animal is in calf to the bull. Production of such a certificate shall bind the Purchaser to accept the bull as complying with the terms of the Guarantee irrespective of any custom of the trade and the Vendor shall not be liable.

(d) The expense incurred in any test to establish whether the bull fulfils the terms of the Guarantee or not, after removal from the Purchaser's farm at the Vendor's request in terms of Condition 22 (c) hereof, shall be paid by the Purchaser if the bull fulfils the terms of the Guarantee and by the Vendor if the bull fails to do so.

23. When a claim under Regulation 21 or 22 is established, the animal shall at the Vendor's option (1) be returned carriage forward to the Vendor's nearest station free of any expense to the purchaser, and the Vendor shall refund to the purchaser the full purchase price of the animal, or (2) be retained by the purchaser and a sum to be fixed by the Auctioneers paid in compensation. In respect of any animal purchased for export no claim under these rules shall be valid unless made so long before the shipment of the animal as shall give adequate time for the procedure herein outlined to be properly and regularly carried through.

24. Every animal accepted for entry must be sent for sale unless the exhibitor has previously furnished to the Society a good reason for the animal not being exhibited. A fine of up to £50 may be imposed in cases where the reason given for non-exhibition is not considered by the Council to be satisfactory.

25. If the Vendor shall commit or knowingly suffer any breach of these rules, he shall be deemed guilty of conduct derogatory to the character and prejudicial to the interests of the Society and shall render himself liable to penalties and to have his Membership of the Society cancelled under the Society's Articles, Rules and Bye-Laws as the case may be.

26. All animals will be sold in catalogue order.

27. The Council reserve the right to amend, alter and supplement these regulations and to frame new ones, as they may from time to time determine.

28. In order to check frivolous objections a protest will not be entertained unless it is accompanied by a deposit of £5 and if the protest is not substantiated, the deposit may be forfeited. Protests must be made in writing before 12 noon on the day of sale.

29. In addition to the above-mentioned special regulations, the sale is held subject to the Auction Sale Rules of the Shorthorn Society. In case of any inconsistency between the foregoing special regulations and the said Auction Sale Rules, the said foregoing special regulations shall apply.

SETTLEMENT OF DISPUTES — SOCIETY'S AUCTION SALE RULE 25

Notwithstanding anything in these rules contained (a) the Council of the Society may settle all questions or differences whatsoever which may at any time arise between a vendor and purchaser or their respective representatives touching these rules or the subject matter thereof or arising out of or in relation thereto respectively and whether as a construction or otherwise and they may make any of the decisions and exercise and undertake any of the powers, duties, matters and things stated by these rules to be within the powers of the Auctioneers and in the event of any conflict the decision and action of the Council shall prevail any decision or action by the Auctioneers to the contrary notwithstanding. The decision of the Council shall in all matters be final and binding on all parties and they may order the payment of such costs and expenses as they shall think fit, and (b) a member of the Society being a party to a dispute shall have the right to require the Council of the Society to settle the same.

WARNING re TATTOO MARKS

All exhibitors are particularly requested to examine the tattoo marks of the animals entered for the Show and Sale, in order to ensure that they are correct, and they should notify the Society immediately of any marks which are found to be indistinct or not correct. All tattoo marks will be examined by the Stewards, and any animals whose marks are found to be incorrect or unreadable may not be permitted to be shown or sold. No marks may be re-tattooed without permission first being obtained from the Shorthorn Society.

COMPLEMENT FIXATION TEST FOR JOHNE'S DISEASE

All animals imported to Ireland must have passed the Complement Fixation Test for Johne's Disease.

The Department of Agriculture for the Republic of Ireland and the Ministry of Agriculture for Northern Ireland have agreed that they will regard the passing of the special test for Johne's Disease within one month of the Show and Sale in the case of animals over 12 months of age and subject to the submission of a Veterinary Certificate on approved lines as meeting their requirements. Vendors who decide to have their animals tested should, through their Veterinary Surgeons, communicate with the Ministry of Agriculture, Fisheries and Food, Veterinary Laboratory, New Haw, Weybridge, Surrey. A copy of the Irish Department's full regulations will be supplied on request to the Society.

Issued by the Shorthorn Society.

7th February, 1972.

RULES OF COMPETITION

**N.B.—Only one attendant with each animal will be allowed
in the Judging Ring**

1. All animals entered for competition must have had pedigree accepted for entry in Coates's Herd Book.
2. No appeal to be taken after Judges' decision.
3. None of the Competitors to be allowed to accompany or interfere in any way with the Judges while engaged in the performance of their duties.
4. The Prizes are intended for, and can only be gained by, Stock sent for *bona fide* sale, and should any prize animal be withdrawn from the Sale or sold privately, the Prize will fall to the next in order of merit.
5. All Trophies must be returned to Messrs. Macdonald, Fraser & Co., Ltd.'s Registered Office before 1st January, 1976.

Unlicensed Bulls of the prescribed age exposed for Sale at Auction Marts

Attention has been drawn by the Secretary of State to the increasing number of unlicensed Bulls exposed for sale throughout Scotland.

In terms of the Improvement of Livestock (Licensing of Bulls) Act, 1931, the prescribed age at which all bulls must be licensed is **10 months**, and applications must be submitted to The Department of Agriculture for Scotland, St. Andrew's House, Edinburgh, 1, not later than 28 days before the animals attain the prescribed age. There are no grounds for the belief that applications for licences do not require to be made until the animals are used for service.

All Bulls (10 months and over) exposed for sale must, therefore, be accompanied by the Licence issued by The Department of Agriculture for Scotland.

**All Reserve Prices to be handed to the Clerk of Sale before Nine
o'clock on Morning of Sale Day.**

MACDONALD, FRASER & CO., LTD.

PRIZE COLOURS

Male and Female Classes—

| 4 d 282 Morphie Princess Mag | by Cruggleton Nevile | 387112 |

Morphie Highwayman was reserve male and reserve supreme champion at the Turriff Show in 1974.

Morphie Dictator was reserve male champion at the Royal Highland Show, champion at all the local shows, and 1st and reserve champion at Perth.

Ardbennie St. Andrew was champion at Perth and sired the winning group at all the major shows.

484

Mr. William McGowan.**FINGASK STAR DUST (MGW. H20), White.**

| | | |
|-------------------------------------|-------------------------------|--------|
| Calved 4th November, 1972, | sire, Fingask Prince Charming | 31047 |
| dam, 197583 Fingask Brawith Bud 8th | by Morphie Bearer | 29778 |
| g d 187837 Fingask Brawith Bud 7th | by Ardbennie Leader | 28455 |
| 3 d 168165 Fingask Brawith Bud 3rd | by Fingask Snowflake | 23853 |
| 4 d 1371 Banchory Brawith Bud 23rd | by Cruggleton Cargill | 381888 |

Warranted in terms of Article 8 of the Conditions of Sale.

Fingask Star Dust was champion at the Great Yorkshire Show in 1974, also reserve male champion at the Perth Show, his sire being male champion and overall champion at the same show, also champion at Perth in February, 1972.

485

Upsall Castle Farms.**HALBARDIER OF UPSALL (P) (TR.H34), Light Roan.**

| | | |
|---|---------------------------------|----------|
| Calved 22nd November, 1972, | sire, Pennan Logan (P) | 649 |
| dam, 1130 Victoria Coronita of | | |
| | Upsall (P) by * Constructor (P) | 137 |
| g d 450 Victoria Muriel of Bapton (P) | by Constellation of Bapton (P) | 109 |
| 3 d 219 Victoria Coronita of Bapton (P) | by Perfect Diamond (P) | X2840568 |
| 4 d X489454 Victoria Coronita 8th (P) | by Priam Royal Leader (P) | X2739468 |

Pennan Logan (P) is a particularly lengthy, good headed white bull who is breeding well at Upsall.

Victoria Coronita of Upsall (P) is a big, roan cow who always has a good calf. This year a full sister to Halbardier is the best heifer of the year.

Victoria Muriel of Bapton (P) was the dam of Paragon of Denend (P), exported to Canada.

486

Messrs. J. W. & F. McGowan.**KIRKFORTHAR HILLARY (P) (MXG. H7), Red.**

Got by A.I.

| | | |
|---|--------------------------------|----------|
| Calved 2nd December, 1972, | sire, Leander of Westdrums (P) | 357 |
| dam, 916 Victoria Mary of Denend (P) | by Barron of Bapton (P) | 317 |
| g d 750 Victoria Mariea of Denend (P) | by Happy Man of Bapton (P) | 293 |

| 4 d X489454 Victoria Coronita 8th (P) | by Priam Royal Leader (P) | X2739468 |

Victoria Mary of Denend, a lengthy, dark roan cow, is a regular breeder and a very good milker.

487

Messrs. A. Miller & Sons.**AIMSTER ROYALIST (P) (MA. H20), Red and a little White.**

| | | |
|------------------------------------|-----------------------------------|-------|
| Calved 5th December, 1972, | sire, Aimster Arctic Explorer (P) | 632 |
| dam, 947 Aimster Deirdre Ruth (P) | by Dipple Whistler (P) | 274 |
| g d 661 Calrossie Deirdre Ruth (P) | by Kair Lucky Star | 19342 |
| 3 d 419 Armagh Diana Ruth (P)A | by Armagh Eightsome Reel (P) | 174 |
| 4 d 417 Armagh Ruth Anne (P) | by Armagh N.C.O. (P) | 4119 |

Warranted in terms of Article 8 of the Conditions of Sale.

Aimster Arctic Explorer (P) was the champion Shorthorn bull at the Inverness Sale in March, 1972.

Aimster Deirdre Ruth (P) is the dam of Aimster Regal, 1st in his class at Perth in February, 1972.

488

Upsall Castle Farms.**WHITE HUNTER OF UPSALL (P) (TR. H37), White.**

Got by A.I.

| | | |
|-------------------------------|----------------------------------|--------|
| Calved 7th December, 1972, | sire, Captain Cook of Upsall (P) | 555 |
| dam, 172890 Byssett Diana 2nd | by Stirzakers Ringleader 17th | 20735 |
| g d 66735 Thrimby Diana 91st | by Thrimby Oxford Sparkle | 395596 |
| 3 d 351457 Thrimby Diana 47th | by Readhall Baronet | 351410 |
| 4 d 301216 Thrimby Diana 39th | by Histon Baronet Linksman | 332502 |

White Hunter of Upsall (P) was used as the main stock bull at Upsall this year. At only 23 months he measured 52 inches at the shoulder despite running all summer with the cows.

Captain Cook of Upsall (P), a massive, roan bull, was sold to Mr. Stewart McKenzie, New Zealand. His sire was Cropwell Wraith (P) and his dam was Lavender Coralie of Westdrums (P).

This family originally came from the very famous Thrimby Herd of Cumberland Shorthorns.

Byssett Diana 2nd is a big, well-fleshed, roan cow.

489

Mr. W. L. Anderson.**MORPHIE HUMORIST (ANB. H31), Red.**

| 4 d 381605 Twells Thorndale | by Twells Dalesman 2nd | 356709 |

Twells Dalesman 7th weighed 1023 lbs. at 400 days (M.L.C.). He was reared on the farm.

Twells Thorndale 11th averaged over 900 gallons with her first 4 calves, and she weighs $14\frac{1}{2}$ cwt. She can be seen at Grange Farm, Snellerton, Norwich, at any time.

Twells Councillor won 3rd prize at the R.A.S.E. Show in 1962 and was reserve male champion at the same show in 1972. He is the sire of many prize winners, including the supreme breed champion at the R.A.S.E. Show in 1971, she being the dam of Twells Mosstrooper 4th, the leading weight gain bull at the M.L.C. Trials at Harrogate.

AN INTRODUCTION TO THE MAINE ANJOU

The Maine Anjou breed was first imported into Britain from France as recently as April, 1972, when 169 animals were released from Quarantine. Unlike most exotic breeds it has not since been heavily publicised so most of the progeny are keenly sought after for export, and as a result very few purebred or cross calves have been seen in the Auction rings of this Country.

Maine Anjou have rapidly become one of the top-selling breeds of cattle in North America, through constantly outstripping other breeds in performance and feed conversion trials.

At a trial in Montana last year 37 Maine Anjou steers came out for weight gain in a test against five other exotic breeds and a selection of other crosses. They averaged 3.41 lbs. per day over the seven month trial period, and had a killing out percentage of 64.7%.

As a result of figures like these the Maine Anjou is becoming a widely used crossing sire in North America, not only because of proven weight gains but also through its hardiness and ability to live and thrive outside under very cold winter conditions.

A few cross-breeds are now beginning to appear in this country mainly with the Shorthorn and breeds of cattle which were traditionally crossed with Shorthorns; these are obvious "naturals", as the Maine Anjou is itself derived from the Durham Shorthorn. They have the added advantage, however, of having a much larger frame combined with smooth fleshing, and are thus able to fully utilise the very high daily live-weight gains of which they are capable.

REFERENCE TO SIRES

CALROSSIE

CALROSSIE CAIRN TOUL, white—sire, Woodhead Cairngorm; dam, Calrossie Augusta Tara by Calrossie Telstar.

Calrossie Cairn Toul, a big, lengthy bull, was 1st and senior champion at Perth in 1973, selling for 2200 guineas to Mr. W. H. Dixon, Culloeden Home Farm, Inverness. His g-dam is by Millhills Liberator, and Woodhead Cairngorm's dam is also from the Fair Clipper family, making an interesting tie-up of good breeding. Calrossie Augusta Tara has developed into a good, milky type of female and a dependable breeder.

CALROSSIE TOP SECRET (P), white—sire, Calrossie Phantom; dam, Calrossie Dandie Ruth (P) by Dipple Whistler (P).

Calrossie Top Secret (P) was retained and used successfully on both pedigree and commercial females, on account of his size and bone. He was sold at Perth in October, 1973, winning the supreme championship and selling for the top price of 1000 guineas to Messrs. C. Macadie & Sons, Skail, Caithness. He has carried on well, and was supreme champion last year at the Caithness County Show. His dam, from a good Australian family, is a consistent breeder, having another excellent white poll bull calf at foot at present.

CHAPELTON

CHAPELTON FUSILIER, by Duncrahill Happy Man, won the Calrossie Cup at the R.A.S.E. Show in 1973, and was the sire of the reserve champion group of three bulls at Perth in February, 1974. He is also the sire of Chapelton Hannibal, grand champion Shorthorn at Porto Alegre, Brazil, in September, 1974.

LOUADA

CONSTRUCTOR (P) (137), red, calved 15th October, 1959, bred by Louada Farms, Ltd.—sire, Bapton Constructor (6414); dam, (X498233) Queen of Hearts A.F. 3rd (P) by Camson Better News (329171).

Constructor (P) was regarded by many as one of the best-headed Polled Shorthorn bulls in the breed. He was a bull with tremendous bone and substance and great hind legs. Of a beautiful, dark red colour, he was the only polled bull in the world by the great Bapton Constructor, and was from the same Thieman Queen of Hearts family as the great Bapton show cow, Queen of Hearts 18th (P). Camson Better News is by Calrossie Good News, who was 1st at Perth in 1949 and was reserve junior champion and a member of all the championship groups, and was later sold to the Saltoun Herd for 6000 guineas. Constructor (P) was never beaten by any Polled Shorthorn in Britain. During the show season of 1963 his winnings included male and supreme champion at the Royal Northern Show; male champion (in both the Horned and Polled competition) at Ellon; male and supreme champion at Turriff; and male and reserve supreme champion (in both the Horned and Polled competition) at Keith. In actual fact, he divided the two great Bapton cows, which were supreme champion and reserve supreme at the Royal Highland Show. He was used extensively on a lot of the old, horned, Bapton females, and over 75% of his calves out of these cows have been polled. In 1964, Constructor (P) won many prizes, including male champion at the R.A.S.E. Show—the first time this coveted award has been

LOUADA—Continued

won by a Polled Shorthorn, and, along with Bapton Queen Janetta, represented the Beef Shorthorn in the Burke Trophy competition. In 1965, at the R.A.S.E. Show, a daughter of Constructor (P), Rona Blythesome of Bapton (P), won the female championship—the first time ever that a Polled Shorthorn has won this award, and she, along with Denend Glenlake, stood reserve in the Burke Trophy inter-breed competition. Constructor (P) weighed over one ton when going round the 1964 summer shows. He was sold to Major The Rt. Hon. R. H. Turton to head his Polled Shorthorn Herd at Upsall Castle. He finally died in September, 1969, leaving behind a grand bunch of daughters.

SCOTSDALE

SCOTSDALE COINAGE (30412), calved 26th October, 1968—sire, Scotsdale Tehran; dam, Scotsdale Rosita Clara by Scotsdale Jupiter.

SCOTSDALE CROMARTY (30413), calved 27th October, 1968—sire, Scotsdale Tehran; dam, Scotsdale Clipper Pandora by Rothney Juggler.

Scotsdale Cromarty and Scotsdale Coinage were purchased privately by Ardbennie from Mr. Stewart G. Bennett, Scotsdale, Ontario, and imported from Canada in February, 1970. These two stock bulls were bought because of the great scale and character of their sire, Scotsdale Tehran (whose weight is well over 2000 lbs.); because of the outstanding success of Scotsdale Shorthorns throughout North America, and because they trace back almost entirely to the best imported bulls from the U.K.

SCOTSDALE DEFENDER (FW. 36A), calved 17th June, 1969—sire, Scotsdale Tehran; dam, Scotsdale Uvira Rosebud.

Scotsdale Defender was imported in March, 1972. He is the largest of the three sons of Scotsdale Tehran. The bulls and heifers offered from Ardbennie in October 1974, were the first to be exposed and provided one of the top priced bulls at that sale

WOODHEAD

WOODHEAD CAIRNGORM (29946), dark roan, calved 28th June, 1968—sire, Denend Golden Miller; dam, Woodhead Sara Clipper by Saltoun Orderly.

Woodhead Cairngorm was 1st at Perth in 1969 and cost 1000 guineas. He has developed into a great bull, with good size and length. Last August, at 6 years old, towards the end of a busy season, in paddock condition, he weighed 1 ton (19½ cwt.), on a nearby modern bulk grain weighbridge. With his first crop of calves he headed the list of successful sires with three sons averaging £1330. The herd will shortly be almost half composed of his daughters. His sire has been a popular Royal Highland Show supreme champion.

WOODHEAD DYSART (30491), roan—sire, Denend Glendrossan; dam, Woodhead Zena Clipper by Saltoun Orderly.

Woodhead Dysart, after winning the senior bull class at Perth in 1972, was sold for 1000 guineas to Snr. C. Duggan, Argentina. Previously he had been used extensively in the Newton Herd and continues to be used by A.I. Many of his daughters have been retained and, an outstanding son, Newton Talisman, stock bull at Newton for two seasons, was later sold to Argentina for £3000. Another son, Newton Tradition, was sold for £2500 also to Argentina. A young son of Woodhead Dysart, in the hands of Snr. Duggan, was champion bull calf at the Palermo Show in 1974.

The "Harviestoun" Cup

The "Harviestoun" Cup, presented by Mr. J. E. Kerr of Harviestoun, for the Best Aberdeen-Angus Bull. Cup to be won Three Times, not necessarily in succession. In the event of the Cup-winning animal not being sold, the Cup will go to the next in order of merit sold at the Sale. To the winner of the "Harviestoun" Cup, a Major Silver Medal will be given by the Aberdeen-Angus Cattle Society.

This year in view of the financial climate we can offer deferred payment facilities for all pedigree cattle. Should you be interested please contact either Mr. P.F. Huggins, General Guarantee Corporation Ltd., 31 Reform Street, Dundee, DD1 1SG. (*Telephone 0382 - 21035*) or Mr. R.L. Fraser, Macdonald, Fraser & Co., Limited, (*Telephone Perth 26183*).

On the days of sale Mr. Huggins will be available in our office behind the ring.

July, 1975.

Dear Member,

I write to bring the following points to your notice.

"BEEF SHORTHORN RECORD"

Preparations for the production of the 1975 issue of our official magazine the "Beef Shorthorn Record" will shortly be in hand, and I hope to be favoured with an advertisement from you in this new issue which should be in your hands during the first week of December. As you are aware, the "Record" is published annually, and this issue will contain the usual full reports of all principal Shows and Sales.

The "Record" has a wide circulation both at home and overseas and I trust that you will take advantage of this opportunity to have your Herd advertisement featured in this issue. The Directors are particularly anxious that the magazine will be self-supporting and I would, therefore, appeal to all Members to co-operate by reserving advertising space.

The size of the edition will be the same as last year, the type area being as follows:-

FULL PAGE - 8" x 6"; HALF PAGE - $3\frac{7}{8}$ " x 6" or 8" x $2\frac{7}{8}$ "; QUARTER PAGE - $3\frac{7}{8}$ " x $2\frac{7}{8}$ "

The measurements should be carefully noted by intending advertisers.

An order form is enclosed and I look forward to hearing from you in due course. Relevant details concerning the "Record" are given below, but should you wish any further information, please do not hesitate to contact me.

Advertising Rates:

MEMBERS: - FULL PAGE - £40; HALF PAGE - £24; QUARTER PAGE - £14.

NON-MEMBERS: - FULL PAGE - £50; HALF PAGE - £28; QUARTER PAGE - £16.

Special Positions: Inside Front Cover; Inside Back Cover; Outside Back Cover; Centre Spread - £4 per page additional. Elsewhere throughout the magazine - £2 per page additional.

As there is always a keen demand for Special Positions, early application is advised.

Colour Charge: Advertisements can be printed in additional colours, if desired, at an extra charge of £10.00 per colour per page.

Block Making: As in the past, blockswill be made from photographs at the Printers' Federation Charges applying at time of publication.

Copy Material: CLOSING DATE FOR RECEIVING 'COPY' - 6th SEPTEMBER. Please note that to ensure that the "Record" is published in time no copy will be accepted after that date.

Stock Bull List: The inclusion of details regarding Stock Bulls in previous issues of the "Record" has proved to be a valuable feature, so I welcome the early return of the enclosed list, duly completed.

Herd News: If you should have any news items concerning your Herd which could be included in this issue, I shall be pleased to receive these in due course. In particular I would welcome any news about your Herdsmen.

- 2 -

OCTOBER SHOW AND SALE, 1975.

The programme for the October Show and Sale is likely to be as follows:-

- Monday, 20th - Judging of Beef Shorthorns at 9 a.m.
Tuesday, 21st - Sale of Aberdeen Angus Bulls at 10 a.m. followed by
Beef Shorthorn Bulls.
Wednesday, 22nd - Sale of Aberdeen Angus and Beef Shorthorn Females at
11 a.m.

The closing date of entries for the Sale is 15th September, 1975. Will Members please note that no entries will be received after this date.

M.L.C. weights of bulls will be accepted provided they were weighed within one month from date of Sale, others will be weighed on the Monday afternoon. Height measurements will be taken in the pens.

The Judge will be Mr. R.A. Thomson, Ormsary, Lochgilphead, Argyll.

FEBRUARY SHOW AND SALE, 1976.

Will Members please note that next year again the February Show and Sale will take place during the first week. The closing date for entries is likely to be 14th November, 1975. Here again no entries will be accepted after the closing date.

The programme will probably be as follows:-

- Tuesday, 3rd February, p.m. - Judging of Beef Shorthorns.
Wednesday, 4th February. - Sale of Aberdeen Angus Females followed
by Beef Shorthorn Bulls and Females.

The Judge will be Mr. W. MacGillivray, Glastullich, Nigg, Ross-shire.

PRESENTATION TO MISS DUNCAN, MACDONALD FRASER & CO. LTD.
ON HER RETIREMENT.

It is proposed to make a presentation at the October Sale to Miss Duncan, Messrs. Macdonald Fraser & Co. Ltd. As most of you know Miss Duncan has dealt for many years with our Sale entries and the making up of our catalogues and has always gone out of her way to give us every assistance. The presentation will be made in conjunction with the Aberdeen Angus Society.

I shall be grateful for any contribution you may care to make and a slip is enclosed for this purpose.

Yours sincerely,

Secretary.
